

Post tour - Iconic Switzerland Lake Geneva - Montreux - Zermatt - Interlaken - Lucerne

4 days / 3 nights

Day 1

Geneva-Lausanne-Montreux-Zermatt

You will depart towards Zermatt and discover the Lemman Lake areas: Geneva, Lausanne, Montreux

Start with a guided tour of Geneva to discover its unique nature. World famous as the city of peace, host of hundreds of UN agencies and NGO's, Geneva is also the smallest of the world metropolis' where everything is within walking distance. Did you know that Geneva saw the birth of the very first humanitarian organization in 1863 or that multilateralism started here over 100 years ago ? Geneva also boasts one of the highest quality of life being the 2nd greenest city in Europe and a leader regarding sustainable development and energy savings.

Lausanne, the second-largest city on Lake Geneva, combines a dynamic commercial town with the locality of a holiday resort. The capital of the canton of Vaud is also a lively university and convention town. Sports and culture are given a high profile in the Olympic capital.

From the lake to the mountains and vineyards, Montreux Riviera offers a postcard landscape. It's an authentic little piece of paradise that has attracted many artists, writers and travelers in search of beauty, tranquility and... inspiration.

A must-do is the visit of Chillon Castle: Chillon Castle is located on a rock on the banks of Lake Geneva. The water castle is the most visited historic building in Switzerland. For nearly four centuries Chillon was the residence and profitable toll station of the Counts of Savoy.

Overnight in Zermatt

Day 2

Excursion to the Gornergrat

Built in 1898, it is the first 100% electric rack train in Switzerland and the second in the world. The journey takes around 30 minutes and takes you to the top of Gornergrat at an altitude of 3,089 m.

From the platform, you can admire 29 peaks reaching an altitude of more than 4,000 meters (out of the 48 in Switzerland). And of course, you will enjoy a breathtaking view of the Matterhorn, which rises to 4,478 meters ... With a bit of luck, you may be able to spot marmots and chamois.

Take the time to marvel at the sight of these high peaks as above with Monte Rosa, and descend by train by the same route to Zermatt.

After the excursion embark for Interlaken, overnight in Interlaken

Day 3

Interlaken - Cruise and Lunch Giessbach- Lucerne

From Interlaken board the boat on lake Brienz disembarking at Giessbach to see the waterfall and have lunch at the historic hotel.

In the afternoon, you will visit the Open-Air Museum Ballenberg. A museum full of life.

More than 100 residential and farm buildings from all over Switzerland can be discovered and marveled at in the Open-Air Museum Ballenberg. The stately farmhouses, the modest buildings of the day laborers, the alpine settlements or the stables, barns, granaries, wash houses and drying kilns illustrate as architectural and as social-historical witnesses the everyday life and the rural culture of past times.

The historic buildings could not be preserved in their original location and were therefore carefully dismantled and rebuilt on the 66-hectare museum grounds. Kitchens, chambers and living rooms provide insights into everyday rural life in Switzerland.

Then a train ride will take you from Interlaken to Lucerne

Overnight in Lucerne

Day 4

Lucerne - Return Stanserhorn Cabrio

Today's visit allows you to visit Lucerne and enjoy the iconic Cabri-O excursion.

Take the time to stroll through the old town together with your guide, along the lake or cross the oldest covered wooden bridge in Europe. The Chapel Bridge was built in the 14th century and was originally part of the fortifications. The painted panels that were added in the 17th century represent scenes from the history of Switzerland and the city of Lucerne.

Another emblem of the city is the surrounding wall of the Musegg, which has retained its original form with its nine towers.

After Lucerne, heading to Stanserhorn. Starting at the intermediate station, the aerial cableway with its open roof deck is one of the main attractions. It is a truly amazing feeling to stand up there on the roof of the double-deck panorama cabin and experience up close the passage between the supporting masts, just enjoying the headwind and the magnificent view – without any cables overhead.

On the summit circular walk, visitors meet rangers who are happy to assist with identifying flowers and mountains. Halfway around, the marmots await – as well as the summit restaurant “Rondorama”, which revolves around its axis.

After the excursion, the train from Lucerne will take you to your departing point: Zurich airport

Post tour - Iconic Switzerland Lake Geneva - Montreux - Zermatt - Interlaken - Lucerne 4 days / 3 nights
