Day 1

Geneva - Lavaux - Zermatt

You will depart towards Geneva including a tour of the Lavaux area, where you will get to taste Swiss wines and discover the Lemman Lake areas: Geneva, Lausanne and Montreux.

Lausanne, the second-largest city on Lake Geneva, combines a dynamic commercial town with the locality of a holiday resort. The capital of the canton of Vaud is also a lively university and convention town. Sports and culture are given a high profile in the Olympic capital.

From the lake to the mountains and vineyards, Montreux Riviera offers a postcard landscape. It's an authentic little piece of paradise that has attracted many artists, writers and travelers in search of beauty, tranquility and... inspiration.

Enjoy a walking tour and wine tasting in the famous Lavaux vineyards.

Day 2

Excursion to the Gornergrat

Built in 1898, it is the first 100% electric rack train in Switzerland and the second in the world. The journey takes around 30 minutes and takes you to the top of Gornergrat at an altitude of 3,089 m.

From the platform, you can admire 29 peaks reaching an altitude of more than 4,000 meters (out of the 48 in Switzerland). And of course, you will enjoy a breathtaking view of the Matterhorn, which rises to 4,478 meters ... With a bit of luck, you may be able to spot marmots and chamois.

Take the time to marvel at the sight of these high peaks as above with Monte Rosa, and descend by train by the same route to Zermatt.

Day 3

Zermatt - St.Moritz

You will board the Glacier Express, a legendary train connecting Zermatt to St.Moritz over a distance of nearly 300 km. The train is not an express in the sense that it is not a high-speed train, but rather in the sense that it allows one trip to be made at one time, without changing at intermediate stations.

The route crosses 291 bridges, 91 tunnels and allows you to enjoy spectacular landscapes thanks to its floor-to-ceiling windows.

In option: Travel in Excellence class

A rail journey through the Swiss Alps has never been so luxurious. With guaranteed window seats, an exclusive bar, on-board entertainment, a concierge service and personal travel guides, the Glacier Express Excellence Class is setting new standards. The journey between St. Moritz and Zermatt is a feast for the senses: while the spectacular landscape passes by outside, guests are served champagne and amuse-bouches – followed by an exquisite five-course meal with accompanying wine.

Overnight in St Moritz

Day 4

St. Moritz - Diavolezza - Bernina Express – Poschiavo

From St Moritz take the train to Pontresina, then the cable car to Diavolezza.

From the summit, at 2,973m, comfortably installed on a terrace for lunch, an impressive panorama will unfold before your eyes from Piz Palü to Piz Bernina, via Bellavista.

Then board the train which will take you from the Bernina Pass to Poschiavo through several spiral tunnels, which allow you to see Poschiavo and its lake from different altitudes.

At 2253 meters above sea level, the Ospizio Bernina awaits you at the highest point of the route. This route is listed as a UNESCO World Heritage Site. That says a lot. You will enjoy a spectacular immersion in the Alpine panorama.

Your train journey terminates at Poschiavo, a charming town with beautiful houses.

Overnight in Poschiavo

Poschiavo - Tirano – Milano (Italy)

Board the Bernina Express, a spectacular railway line, for a fairly short ride of 41 minutes.

From the shimmering glaciers to the palm trees of Italy, the Bernina Express, which makes the highest altitude route through the Alps, connects North and South, thus creating a kind of bridge between the linguistic regions and cultures.

From Poschiavo until Brusio you will have a series of helicoidal loops, and enjoy amazing sceneries.

Private transfer from Tirano to Milano (Italy).

From Tirano (Italy) , it takes almost 3 hours by road to Milano Malpensa airport.
