## Day 1

### Lucerne - Return Stanserhorn Cabrio

Meeting point: Zurich airport 10:00 hrs

Today's visit allows you to visit Lucerne and enjoy the iconic Cabri-O excursion.

First, discover the old town of Lucerne with your guide. Walk along the lake or cross the Chapel Bridge, the oldest covered wooden bridge in Europe, built in the 14th century. It was originally part of the fortifications and still boasts painted panels added in the 17th century representing scenes from the history of Switzerland and the city of Lucerne.

After Lucerne, heading to Stanserhorn. Starting at the intermediate station, the aerial cable way with its open roof deck is one of the main attractions. It is a truly amazing feeling to stand up there on the roof of the double-deck panorama cabin and experience up close the passage between the supporting masts, just enjoying the headwind and the magnificent view – without any cables overhead.

## Day 2

### Lucerne - Interlaken - Cruise and Lunch Giessbach

A train ride will take you from Lucerne to Brienz before boarding a boat to Giessbach to see the waterfall and have lunch at the historic hotel

In the afternoon, you will visit the Open-Air Museum Ballenberg. A museum full of life.

More than 100 residential and farm buildings from all over Switzerland can be discovered and marvelled at in the Open-Air Museum Ballenberg. The stately farmhouses, the modest buildings of the day laborers, the alpine settlements or the stables, barns, granaries, wash houses and drying kilns illustrate as architectural and as social-historical witnesses the everyday life and the rural culture of past times.

The historic buildings could not be preserved in their original location and were therefore carefully dismantled and rebuilt on the 66-hectare museum grounds. Kitchens, chambers and living rooms provide insights into everyday rural life in Switzerland.

Overnight in Interlaken

## Day 3

### Zermatt - Gornergrat

Embark by train to Zermatt for an excursion to the Gornergrat. Built in 1898, it is the first 100% electric rack train in Switzerland and the second in the world. The journey takes around 30 minutes and takes you to the top of Gornergrat at an altitude of 3,089 m.

From the platform, you can admire 29 peaks reaching an altitude of more than 4,000 meters (out of the 48 in Switzerland). And of course, you will enjoy a breathtaking view of the Matterhorn, which rises to 4,478 meters ... With a bit of luck, you may be able to spot marmots and chamois.

Take the time to marvel at the sight of these high peaks as above with Monte Rosa, and descend by train by the same route to Zermatt.

Overnight in Zermatt

## Day 4

### Zermatt - Montreux - Lausanne – Geneva

You will depart Zermatt and towards the Lemman Lake areas: Montreux, Lausanne and Geneva.

From the lake to the mountains and vineyards, Montreux Riviera offers a postcard landscape. It's an authentic little piece of paradise that has attracted many artists, writers and travelers in search of beauty, tranquility and... inspiration.

A must-do is the visit of Chillon Castle: Chillon Castle is located on a rock on the banks of Lake Geneva. The water castle is the most visited historic building in Switzerland.

Lausanne, the second-largest city on Lake Geneva, and capital of the canton of Vaud is a lively university and convention town, home to International Olympic Committee.

End with a guided tour of Geneva to discover its unique nature. World famous as the city of peace, host of hundreds of UN agencies and NGO's, Geneva is also the smallest of the world metropolis' where everything is within walking distance. Did you know that Geneva saw the birth of the very first humanitarian organization in 1863 or that multilateralism started here over 100 years ago ? Geneva also boasts one of the highest quality of life being the 2nd greenest cities in Europe and a leader regarding sustainable development and energy savings.
