

**Watch Manufacturers Tour – D 7**  
**1 day excursion at Vallée de Joux**  
**June, 20, 21 or 22**

## Full day excursion Vallée de Joux

Today's visit takes you to the nest of watch making. The Vallée de Joux with its lake and long watchmaking tradition is a world of its own in rugged and unspoilt countryside nestling between Jura Mountain Ranges.

Departure from your hotel between 8h00 to 8h30, arrival at Le Sentier at 10h00.

First, the “Espace horloger”: this Museum presents current productions by the main watchmaking companies in Joux Valley, the cradle of grande complication watches.

Lunch will take place in the dazzling setting of the Hotel des Horlogers. The architecture is superb and we understand that the owners of the premises – the Audemars-Piguet watch factory – chose to settle next to their factory.

Continue your day with Jaeger-Lecoultre’s Ateliers d’Antoine

This 1.5-hour guided tour is an immersion in the Jaeger-LeCoultre Manufacture. It takes you to the heart of a heritage gallery, a place that retraces the major events, inventions, encounters, and anecdotes that have marked the history of the Grande Maison. The visit continues in two emblematic workshops: Métiers Rares and High Complications where our master craftsmen and watchmakers create the most emblematic timepieces of the house. Back in Geneva at around 18h00.

Tour will go ahead with min 6 and maximum 8 participants.

The tour can be reversed upon request.
